FY17 Snow Plowing Operations Tentative Schedule of Proceedings

Date: August 23, 2016

Dear Snow Plowing Contractors,

In preparation for the upcoming winter season, the Town of Stoughton will begin the procurement for 2016-2017 Snow Plowing Operations. In order to keep the contractors informed, the Procurement Department has put together a tentative schedule of proceedings in regards to significant dates.

As in the past winter seasons, the number of the pieces of equipment will be determined by the Department of Public Works Superintendent based on the needs to supplement the Town's equipment. In case of extreme emergency conditions, the Town may take on additional pieces of equipment to be used in extenuating circumstances.
