### Federal and State Legislative Breakfast

For many years Stoughton Town Leaders had sought support and funding from the State and Federal Government in support of our Housing and Economic Development objectives. Often times, we were reminded that we needed to first address those issues within our control. Over the past year our leaders have addressed almost all of those issues that have prevented us from developing a partnership with our Legislators who work so very hard on our behalf.

This morning Vice Chairman, Steve Cavey hosted a “Federal and State Legislative Breakfast” at Town Hall. In attendance were Congressman Lynch, Senator Timilty, Representative Galvin and Representative Ted Philips. We enjoyed an open and frank discussion regarding development opportunities in our Downtown. Vice Chairman Cavey made clear that those four projects when completed would unleash enormous economic prosperity for the Town of Stoughton!

Superintendent Dr. Baeta and Select Board member Mokrisky also joined in this meaningful and targeted discussion. Each of us emerged from this 2-hour meeting knowing that our legislative delegation heard our requests. We are encouraged by their enthusiasm regarding our plan and commitment to achieving clear objectives. We thank them for their hard work and partnership with the Town of Stoughton.

In closing I would like to thank our presenters, which in addition to Select Board members included Mr. Mokrisky, Mr. Cavey, Mr. Tisdelle and Ms. McCarthy who also produced the briefing materials. I would like to again thank Vice Chairman Cavey for his leadership and coordinating this important “Legislative Breakfast”!

Thank you,

Thomas J. Calter,  
Town Manager
